

# NICHOLAS J. CAUDILL

Everett, WA | 206-370-0194 | [lightinthesky90@gmail.com](mailto:lightinthesky90@gmail.com)

## PROFESSIONAL SUMMARY

Highly disciplined Journeyman Carpenter with a 15-year career built on precision, technical execution, and safety leadership. Recently completed a rigorous 4-year Union Apprenticeship. Expert at interpreting complex blueprints and engineering specifications to execute high-tolerance installs. Recognized for a strong Quality Assurance mindset—frequently tasked with auditing and correcting internal installation errors to ensure project integrity.

## SKILLS

- Equipment Operation: MEWP Certified (Scissor & Boom Lifts), Industrial Forklift, and Rough Terrain Forklift (Telehandler).
- Specialized Tooling: Powder Actuated Tools (PAT), Pneumatic systems, laser leveling, and high-velocity fasteners.
- Safety & Rigging: CITF Certified Scaffold Erector & User, Construction Fall Protection, OSHA 10, and CPR/First Aid Certified.
- Technical Literacy: Advanced blueprint reading, print layout interpretation, and adherence to strict engineering specifications.
- Specialties: Finish carpentry, steel stud framing, casework, and laboratory-grade installations.

## WORK EXPERIENCE

### ISEC, Inc.

#### *Journeyman Finish Carpenter*

*June 2022 – October 2025*

- Execute high-precision finish carpentry and laboratory installations based on complex architectural prints and manufacturer specifications.
- Operate Forklifts and MEWPs to transport materials and perform high-level installs in large-scale commercial and lab environments.
- Quality Assurance (internal) Designated as the primary "troubleshooter" to audit and correct installation errors within the crew, ensuring all work met strict tolerances before final inspection including punch list.
- Maintained 100% safety compliance while operating heavy machinery and handling industrial chemical adhesives.

### PCI

#### *Steel Stud & Drywall Installer*

*January 2022 – May 2022*

- Performed precision framing using steel studs and specialized fastening systems for commercial applications.
- Managed heavy material handling and workspace organization while maintaining strict adherence to structural codes.

### Andersen Construction

#### *Form Carpenter*

*September 2021 – December*

*2021*

- Built and dismantled concrete wall forms and sidewalks using proper mechanical methods to preserve materials.
- Utilized Powder Actuated Tools (PAT) for structural fastening and Rough Terrain Forklifts for material staging.
- Ensured structural integrity of rough framing through precise measurements and tool operation.

### Self-Employed

#### *Handyman & Residential Carpenter*

*March 2020 – September 2021*

- Managed end-to-end residential renovations, structural repairs, and custom builds.
- Handled full project lifecycle, from material sourcing to final quality inspection.

### General Harvest / Various

### ***Sous Chef and Kitchen Management***

*Year 2008 – 2020*

- Spent 11+ years in high-stakes culinary environments, rising to Sous Chef level.
- Transferable Skills: Mastered "Standard Operating Procedures" (SOPs) and inventory management. Developed the ability to maintain extreme focus and quality control under intense production deadlines.

### **EDUCATION**

#### **United Brotherhood of Carpenters**

4-Year Journeyman Apprenticeship Program (CITF) 2021-2025

### **CERTIFICATION**

- (CITF) Equipment Certifications: MEWP (Scissor/Boom), Forklift, and Rough Terrain Forklift
- (CITF) Certification: Scaffold Erector & Scaffold User
- (CITF) Certification: Construction Fall Protection
- (CITF) Powder Actuated Tool (PAT) Certification
- OSHA 10 Safety Certification | CPR & First Aid Certified
